

**The Doctrine of Discovery: Its Impact on Indigenous People  
And The Role of Unitarian Universalists**

**Sunday, October 3, 2021 at 10 AM**

*We launch our October worship theme of Rootedness with an exploration of Uprootedness. The Doctrine of Discovery is a principle of international law dating from a 15<sup>th</sup> century papal decree that sanctioned and promoted the conquest, colonization, and exploitation of non-Christian territories and peoples around the world. This Service will explore Unitarian Universalists' role in implementing this Doctrine in its running of Indian Boarding Schools and in some more recent practices.*

*A discussion with presenters will follow the worship service.*
